WELCOME TO QUANTUM®

Quantum Rehab® was born out of the desire to delight customers with the most advanced, consumer-inspired complex rehab power wheelchairs and related technologies possible.

Clinically-focused and consumer-inspired, Quantum® products are engineered and manufactured to meet the widest range of complex rehab needs with functional, durable, stylised, high-performance designs to increase daily functionality and quality of life. At Quantum, consumer needs and wishes are the driving force.

We're dedicated to not just meeting medical and clinical needs, but also quality-of-life needs. From the most advanced power seating for pressure management to USB ports, Bluetooth®, and fender lights, no consumer need is overlooked.

iLEVEL®

POWER SEAT ELEVATION

Standing Height + Speed + Stability = Authentic iLevel (like no other)

iLevel® power seat elevation technology features a revolutionary new power chair design for a better experience. iLevel improves daily functionality and quality of life by allowing operation of the power chair with the seat elevated while at walking speed.

FEATURES

- 30.4 cm (12") of power adjustable seat height while at walking speed; maximum of 25.4 cm (10") height on the Q6 Edge® HD
- iLevel's patented Extra Stability Technology® enhances safety for transfers, reach, and numerous other activities of daily living
- Retrofittable on the Edge® 3 and Q6 Edge® 2.0
- Front and rear LED fender lights come standard with iLevel®

Safer transfers

Improved reach

Social interaction at eye level

NARROWEST POWER
BASE IN AUSTRALIA

51.9 CM
WIDTH WITH 31.5 CM
(12.5") DRIVE WHEELS

EDGE 3 STRETTO™

MID-WHEEL DRIVE

The Edge 3 Stretto™ is the narrowest, most manoeuvrable power base in Australia! Aside from its narrow width, it is equipped with independent SRS (Smooth Ride Suspension), making it ideal for children, teenagers, and small adults. The Stretto is available with 31.8 cm (12.5") or 35.6 cm (14") drive wheels and optional 30.4 cm (12") of iLevel® power adjustable seat height.

SPECS

MAXIMUM SPEED: 10 km/h (5.6 km/h when elevated with iLevel®)

WEIGHT CAPACITY: 136 kg

TURNING RADIUS: 53.3 cm

POWER SEAT ELEVATION: Optional 30.4 cm iLevel

COLOURS

STEALTH PRODUCTS[®]

CUSHIONS

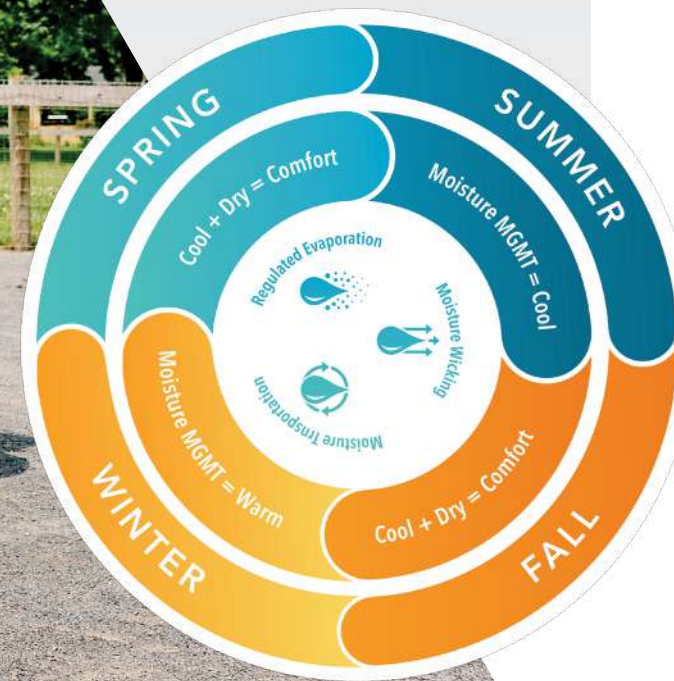

Stealth Products[®] Cushions feature patented Coolcore[®] technology, a chemical free, four-way stretch material that offers moisture wicking, moisture transportation, and moisture evaporation properties. Our cushions also use a colour guide that identifies the suggested function family by a unique patch.

FEATURES

- Chemical free
- Regulates temperature
- Manages and distributes your body heat

"While the other makers of cooling fabrics use a number of chemicals to enhance wicking, transportation and evaporation, Coolcore fabrics are chemical free. To make that possible, we changed the essence of cooling fabric technology right down to its very core."

Q-Logic 3 now features Interactive Assist. Interactive Assist from Quantum Rehab® is an app which provides a direct real-time connection from a power chair's electronics to a provider's programming station. The connection provides the technician with full system and diagnostics information along with tools, such as a real-time mirror image of the power chair's electronics display, to eliminate wasteful trips.

"THE NEW PQ-365 FROM QUANTUM IS AN INCREDIBLY USER-FRIENDLY APP WITH THE INFORMATION I NEED AT MY FINGERTIPS!"

SUPPLEMENTARY

RESOURCES

At Quantum Rehab®, we are dedicated to providing excellent support services to our customers to ensure you get the most out of your Quantum product. This includes the latest marketing literature and other important educational resources. Contact us or your nearest Authorised Quantum Rehab Provider to learn more.

INTRODUCING PQ-365

PQ-365 includes all the Pride Mobility® and Quantum Rehab® resources needed by providers and clinicians. The free, easy-to-use app helps busy professionals stay up to date with the latest information from Pride and Quantum and access all our content in one quick and convenient place. Features include serial number and order number lookups, a quick-search option, 360-degree product views, fillable order forms, push notifications, consumer testimonials, news, events, specifications sheets, brochures, owner's manuals, installation instructions, basic operating instructions, and more. The app also includes access to the company's Learning Management System (LMS), which provides online and on-demand educational training for professionals.

Available now for Apple and Android devices.

1 Standard. 2 Optional. 3 Not available with Synergy®. 4 Speed varies with user weight, terrain type, battery charge, battery condition and tyre pressure. 5 Without front riggings. 6 Battery capacity may change when adding power positioning systems. 7 Weight capacity is dictated by the selection of seating. 8 All measurements +/- 1/8" with 18" x 18" seat, fixed towers, 136 kg weight capacity and solid tyres (add 3/8" with pneumatic tyres). Depths may increase seat-to-floor height. Contact Customer Service for details. Listed measurements are in their lowest position; does not include elevating system unless specified. 9 113 kg weight capacity with TRU-Balance® Systems. 10 A minimum seating size of 20" x 20" is required with iLevel® on

the Q6 Edge® HD; maximum seating size is 24" x 25". 11 Without foot riggings. 12 All Quantum units can be ordered with specialty controls. 13 10 km/h speed available only with Q-Logic 3. 14 Battery weight may vary +/- 1.3 kgs based on manufacturer. 15 Weight capacity is reduced to 181 kgs with iLevel® power adjustable seat height. 16 Seat-to-floor heights are measured with the unit unloaded. Due to the 4Front's suspension system, seat-to-floor heights are approximately 0.6 cm lower when the unit is loaded. 17 41.9 cm seat-to-floor height is not available with power tilt or iLevel®. 49.5 cm seat-to-floor height is not available with static seat or power recline. **NOTE: The information contained herein is correct at the time of publication.**
