**I am your comfortable shower and toilet chair.** Whether cleaning your teeth or showering, my seat tilt can be adapted to any situation. My anatomically shaped seat surface gives you the required support, stabilises your upper body and can be adjusted in height. You can sit even more comfortably on my insertion pads. These can easily be removed and cleaned. Because I have been produced from highly robust material, you and your parents will have a lot of fun with me for a long time to come. Did you know that I am available in five sizes and can carry up to 150 kg?

You can sit really comfortably on the **removable, optional seat pad.**

**Swing a way arm supports** also help to stabilise you

#### Toilet equipment

You can use me independently of a toilet as a toilet chair.

I am also available with a larger hygiene opening in sizes 2-4.

Data	Size 0	Size 1	Size 2	Size 3	Size 4
