

GMFCS  
Level III-IV

### I am your moveable standing trainer.

Using me, you can practice standing on your own. Regular standing trains your muscles and improves bone density. My body supports, which can be adapted in height, width and depth, can adapt to your body measurements. My two large wheels round me off perfectly. Using these, you can go anywhere - completely independently

**Flexible knee positioners (FKP)** are individually three-dimensionally adjustable. Length-adjustable contact straps adapt optimally to the shape of the knee.

**Pelvic frame**  
can simply be adjusted in depth using a crank.

**Frame colours**

Pure white

Traffic red

Lazurite blue metallic

Melon yellow

Anthracite metallic

**Playing cards together at eye level is much more fun!**

Data	Size 1		Size 2			Size 3		Size 4
